## Commercial representation

100Rumos is a tourist entertainment and commercial representation company established in Póvoa de Varzim. This way, we provide commercial representation in the Northern region for tourism related companies.

As the result of a strong experience in the Portuguese tourism commercial domain, 100Rumos holds excellent connections with tour operators, aviation companies, travel agencies, and hotels.

We develop single events, publicity & marketing campaigns, the launch of new products, sales calls, distribution of newsletters, etc. If your company does not have a branch in Northern Portugal, accept our challenge and contact us.
